## Implementing and impacting **Partner's Report**

Orphaned Heart Empowerment center (OHEC) is a mission arm of Orphaned Heart International. It is Christ centered, faith-driven empowering center offering hope among the broken hearted. We are empowering them to move out of from spiritual and economic poverty through integrated approach, providing training, education and Evangelism.

### 1. Project Details:

Project Name (s): [Chicken and Crop production](#)

Organisation/Ministry: [Orphaned Heart International](#)

Report submitted by: [Richard Musana, Director-OHEC Uganda](#)

Date: [15<sup>th</sup> August,2023](#)

Reporting Period: [Six months](#)

### Project Goals:

- [Bringing the fatherhood of God to the Orphaned Hearts in the communities \(Psalm 68:5-6\).](#)
- [Achieving economic empowerment to Orphaned Children, single mothers, Elderly, and child headed families.](#)
- [Promoting financial independence to the vulnerable people in the communities.](#)
- [Making poverty reduced in the communities through practical empowerment.](#)

### 1. The ways of achieving the project goals as outlined above.

[The people in the operational communities are peasant farmers who have been involved in all their lives in livestock. The practice is not new; it is part of the way of life of the people in the communities. We are achieving the project goals in the following ways below: -](#)

- [Weekly "Hope Fellowships", we encourage the people /beneficiaries to work hard for their lives following the Biblical teaching in the Book of Proverbs 20:13.](#)
- [Mentoring the Orphaned Hearts in the community spiritually and economically.](#)
- [Promoting the culture of hand –ups not hand-outs in the communities. We do everything to the best of our abilities, knowing that we represent God through our actions and words.](#)
- [Providing trainings to these poor households and individuals on Crop Production, Animal husbandry and other business-related subjects and then provide them with the expertise they need.](#)

2. Number of people who have been directly impacted by the work in the last six months.

The impact is huge: The 486 Orphaned Children at Nakalongo Christian School, 16 Children at OHEC, 18 widowed families, 5elderly, and 25 youths school drop outs and 29 converts and 7 of them are Muslims. Also, the service providers for the construction and building of the modern Poultry House have benefited indirectly since its inception in 2009.

3. Examples of people being positively impacted by the project implementation.

There are live testimonies from the beneficiaries of the existence of the Orphaned Heart Empowerment Center. The single mothers who lost her husband because of HIV/Aids, the Orphaned children and among the many an example is Eunice Kibuze sponsored by Tuweereza Eden Ministries and by Orphaned Heart.

**EUNICE KIBUZE** is very happy because the President Orphaned Heart gifted her with the school uniform and paid her fees for her high school examination due in October,2023. She is a complete orphan and she has been supported by the ministry since her childhood. She is a God-fearing girl and our children’s pastor at Orphaned Heart Empowerment Center-OHEC, Uganda. At OHEC, we train the next generation of mothers and fathers. They learn the skills to transform their lives for their future time. We are always looking for simple, sustainable and creative ways to improve lives. Every week on Wednesday, the people come at OHEC to learn the Bible and this is our Hope Fellowship program. We thank Orphaned Hearts for the Bibles.

4. Chicken /Egg production:

Chicken farming /rearing was designed and singled out because poultry gives quick turn over in a short period of time. It was felt after careful studies that a poultry farming project will have long term self-sustaining effects in terms of solving the problems which these people face on a daily basis which include lack of financial security, nutritive food. The poultry project is a source of revenue for Kingdom advancement.

The Governemnt gabeDonation of 200 additional to the first batch of the first donation of 200.  
Quarterly implementing and impacting report -OHEC Uganda, Africa

## 5. Crop production program / Food Insecurity

The last season, the President Orphaned Heart International supported us with Agricultural inputs (improved seeds, fertilizers, spraying pumps, pesticides) and this was to help on the improvement of crop production. Our holistic approach equips rural Ugandan farmers who are living in poverty with the tools that they need to support themselves and their families in the long term. Our gardens gave us a good harvest of (6607Kgs) from the garden of 1 Acre, and (243Kgs of pawpaw corn -yellow corn), (119 Kgs of soya beans) from 1/4 an Acre. The agricultural produce is to help the feeding of the Chicken and the marginalised population. Glory and Honour be returned to God.

The harvested corn will help to feed the chicken and Orphaned Children at OHEC.

6. The message of Jesus Christ being shared and spiritually touching  
We received a donation of 96 Bibles from Oasis International through Orphaned Heart International. Our purpose in the ministry at OHEC is to cultivate the holistic empowerment of Orphaned Hearts and other people in families to create fellowships of believers to go and work alongside their God to free other families from spiritual and economic bondage. The word of God reaching the unreached population and Moslems are converted, saved and added to the true church of Christ.

## 7. Challenge at the OHEC

The funding of the budget for the building expansion of the poultry house and the fencing of the area. This an urgent need as we now have another donation of 200 chicks we are breeding before put in the poultry house but there is no space to accommodate the number of the birds we are now blessed with at the Orphaned Heart Empowerment Center.

8. Summary of the current status of the project.

The partnership of Tuweereza Eden Ministries with Orphaned Heart International has greatly improved the development of the Orphaned Heart Empowerment Center. The Funding from the partnership of Orphaned Heart International supplemented to our pooled initial kick start for the development of the center. The sustainable project(s) are progressing well not solely benefiting the Orphaned Children but the Widows, single mothers, elderly, and the Church leaders. It is expected that in the next six months the number of the beneficiaries will be doubled in addition to the bigger number that has already benefited. We thank the Donor (s) who generously provides towards the implementation.

Together in His Kingdom work we can make a lasting impact and bring hope to those who need it the most. Yes, we can create a future filled with Hope, Love, dignity for All.

Richard Musana  
Director -OHEC Uganda
